Dear [Hiring Manager's Name],

I am writing to express my interest in the Front-End Developer position at [Company Name]. With over a year of experience in web development, I have honed my skills in HTML, CSS, JavaScript, and TypeScript. My expertise in React and Vue.js, combined with a strong commitment to creating responsive and user-friendly web applications, aligns perfectly with the requirements of this role.

In my previous internships and freelance projects, I have had the opportunity to work on a variety of web applications. Notably, I developed an Amazon Clone using HTML, CSS, and JavaScript, which demonstrates my ability to create complex, visually appealing, and responsive designs. Additionally, I have built a Portfolio Website that showcases my skills in HTML5, CSS, and JavaScript, further solidifying my understanding of modern web technologies.

My most recent experience as a Front-End Developer Intern at Vetron IT Services involved enhancing the user experience by developing responsive web applications and optimizing the codebase for improved performance. Similarly, during my internship at Growintern, I developed features using React and Redux Toolkit and implemented designs from Figma, ensuring the application was both functional and visually consistent.

I am particularly drawn to [Company Name] because of [mention something specific about the company or its projects that excites you]. I am confident that my technical skills and passion for web development would make me a valuable addition to your team.

I would welcome the opportunity to discuss how my experience and skills align with the needs of your team. Thank you for considering my application. I look forward to the possibility of contributing to [Company Name] and am eager to bring my expertise in front-end development to your organization.

Sincerely,

Ajay Patil
